

Dear Participant,

Snap Fitness is holding a Bootcamp charity event for Levi Brett. Levi, who is 21 months old, was diagnosed with Wilms' Tumor Cancer on May 13th of this year and has already had several rounds of chemo in attempts to defeat this disease. The family lives in Conroe, his father is a part-time firefighter in New Caney and his mother is a wonderful stay at home mom, who brings Levi everywhere. Our goal is to raise \$2000 for Levi and his family. We will donate \$50 for every participant that signs up for this month long event. All we ask from you, as a business owner, is to help promote this event by displaying Levi's flyers in your place of business and to tell all your employees/clients/customers about Levi and his family. In addition to your word of mouth, we can provide you with an email blast that you can send to all your clients/customers that do not visit your place of business on a weekly basis. The more that learn about Levi and his condition, the closer we can come to meeting or exceeding our goal.

There are two ways you can participate in this event; other than the ways mentioned above:

- 1) Be a leader and join the Bootcamp's yourself!  
and/or
- 2) Sponsor others to participate in the Bootcamp's!

\*Each participant will receive a FREE T-shirt, a full body fitness analysis (before and after the event) and unlimited Bootcamp classes for the month of August. Our Bootcamp's are held 4 different times a day, M-F and twice on Saturday.

Please help us sponsor this month long event, Levi and his family are counting on your support in any way you can.

Thank You,  
Your Snap Fitness Team
